

## W. M. FLAGLER LEFT LARGE ESTATE

### of It Goes to the Widow; Valuation Is \$100,000,000.

AUSTINE, Fla., May 27.—The Henry M. Flagler was filed here today by the Florida East Coast railroad. The estate of the late Mr. Flagler, who died last week, is valued at \$100,000,000. The bulk of the estate is left to the widow, Mrs. Flagler, who is now residing in the city of New York. The estate is valued at \$100,000,000. The bulk of the estate is left to the widow, Mrs. Flagler, who is now residing in the city of New York. The estate is valued at \$100,000,000. The bulk of the estate is left to the widow, Mrs. Flagler, who is now residing in the city of New York.

## MARRIAGE IN CAGE OF LIONS

Conclusion to a whirlwind marriage which Jack Harrington of Tallahassee, Fla., and a girl from the city of New York, who is now residing in the city of New York, was made in 1913.

## WEL NEWHOUSE TO ARRIVE HERE FRIDAY

Mr. Hanchett, general manager of the Newhouse company, who recently from the east, announced yesterday that the company will be in the city of New York, who is now residing in the city of New York, will be in the city of New York, who is now residing in the city of New York.

## BLOOD INDIANS ARE DISAPPEARING

Portion of full-blooded Indians in the state of Utah is disappearing. The increase of the Indian population in the state of Utah is disappearing. The increase of the Indian population in the state of Utah is disappearing. The increase of the Indian population in the state of Utah is disappearing.

## Will In Mail

THE NEW FOOD-DRINK

## Instant Postum

Is in thousands of homes where health is valued.

Former coffee users who have felt the pitch of indigestion, headache, heart disturbance, nervous irritation, have written by the score, telling of remarkable results following the change from coffee to Instant Postum.

A level teaspoonful in an ordinary cup of hot water dissolves instantly and makes it right for most persons.

A big cup requires more and some people who like things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases palate and have it served that way in the future.

Thanks for the sample of Instant Postum sent me. I had been drinking coffee for a long time and thought it would be difficult to give up but I was mistaken.

While I was drinking coffee I always felt exhausted and I lost 112 lbs. After using Instant Postum I soon recovered and am as healthy as any person can be. I now weigh 120 lbs. and am steadily gaining in weight. Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms.

Regular (must be boiled).

Instant Postum doesn't require boiling, but is prepared instantly by stirring a level teaspoonful in a cup of water.

Both kinds are sold by grocers everywhere.

## WITNESSES TELL OF CLEMENTS' CHARACTER

The preliminary hearing of Thomas Clements charged with murder in the first degree by shooting H. E. Ruthford in a Richards street rooming house on April 15, was resumed before Justice F. A. Bishop yesterday. Several witnesses for the defense were examined. Testimony was mainly as to the peaceful character of Clements. The failure of the defense to locate several witnesses wanted resulted in an indefinite continuance of the case until the persons wanted can be found.

## REECHEM DISCHARGED IN BATTERY CASE

Alfred Reechem was found not guilty yesterday by Justice Harry S. Harper on a charge of assault and battery alleged to have been committed upon Mrs. Doris T. Jachetta at North Point, May 22. According to the evidence Mrs. Jachetta had objected when Reechem had attempted to liberate three cows that she had corralled for trespass. Reechem testified that he had not struck the woman but that she had attempted to push him aside as he was about to turn the cows out.

## RICH COUNTY MAKES ROAD APPROPRIATION

Information from the state engineer's office yesterday was to the effect that money had been appropriated for the improvement of roads in Rich county. There is \$6000 already on hand in the Rich county treasurer's office, \$900 more will be raised in the county from the tax of 5 mills on all property for road improvement, and \$3600 will be appropriated by the state. The entire appropriation will go for the improvement on the road between Randolph and the Wyoming line.

## MUSEUM RECEIVES VALUABLE MINERALS

A shipment of various specimens of rare and beautiful minerals has been received by the Desert Museum from Gustave Rapp, a practical miner of Butte, Mont. Several of the specimens will be placed on exhibition in the museum, and others with which the museum is supplied will be used in making exchange shipments. Mr. Rapp is well versed concerning the value of minerals and the specimens will be a valuable acquisition to the museum.

## Allege Misuse of U. S. Mails.

Charged with using the mails to defraud, H. S. Jones, living at Garfield, was arrested yesterday by Julian Riley, deputy United States marshal. Jones will be taken before United States Commissioner Charles Edwin this morning for preliminary arraignment. The filing of the complaint here against Jones was upon advice from Denver and it is probable that he will be taken to the Colorado city for trial.

## Will Retain Exhibit.

At a meeting of the art and literature committee of the Commercial club held yesterday afternoon it was decided the sculpture exhibit by Avar Fairbanks, now in the lounge room of the club, shall be kept there until the sculptor wishes to remove it. It was the sentiment of the committee that the exhibit is a desirable attraction.

## Ward Choir Concert Tonight.

A concert by the Thirty-first ward choir, under the auspices of the Waterloo ward choir, will be given at 8:15 o'clock tonight in the Waterloo ward chapel, Fifth East between Bryan avenue and Eleventh South street. The programme will be in charge of H. E. Dewson, director, and Ivy Ensign, organist.

## Two Ask for Water.

The Warren Irrigation company of Ogden applied to the state engineer yesterday for 1500 acre feet of water to be taken from the Weber canal in Weber county. D. J. Allen applied for two cubic feet of water per second to be taken from Chokecherry and Singletree creeks in Sevier county.

## PRESIDENT DEBATES SIGNING OF BILLS

### Uncertain of Action on Sunday Civil Bill With Its Labor Exemption Clause.

WASHINGTON, May 27.—Whether President Wilson will sign or veto the sundry civil bill with its clause exempting labor unions and farmers' organizations from prosecution under certain funds set aside for the operation of the anti-trust laws still is an open question.

The president today sent for Senator Martin of Virginia and Representative Fitzgerald of New York, chairmen of the two congressional committees on appropriations, and talked at length with them about the bill. At the conclusion of the conference, White House officials were silent. Senator Martin, in response to question, said he had no intimation that the bill would be vetoed, and Representative Fitzgerald was not inclined to discuss the subject at all.

The president was informed that the particular thing that was holding up the bill in conference was a dispute as to an appropriation for managers supervising national soldiers' homes. Visitors said they expected to reach an agreement by the end of the week.

It is considered very likely the president will make known in a few days just what his position will be toward the much-talked-of exemption clause.

## VIGILANTES PLAN TO ABATE SMOKE NUISANCE

In order to rejuvenate the vigilance committee which did such yeoman service two years ago in abating the smoke nuisance, a meeting of the members was called yesterday by John J. Barker, chairman. Mr. Barker returned recently from an extended eastern trip. The committee now has a report in course of preparation and will meet at tomorrow's meeting. The members decided to start with new vigor the smoke fight.

## WILL USE BUGS TO DESTROY WEEVIL

It is the plan of G. I. Reeves, in charge of the United States department of agriculture bureau of entomology, at Murray, Mo., to use bugs to destroy weevils which have been threatening damage to alfalfa in several parts of the state, with an army of bugs.

## WATER DEPARTMENT URGES ECONOMY

Information is given by the city waterworks department to the effect that although the water supply for the season is normal yet some difficulty is being experienced in keeping enough in the reservoirs to keep the pressure in all mains up to the standard during the warmest hours of the day. The department urges that consumers economize in their use of water as much as possible at midday. If this is done consistently by all consumers, there will be no trouble during the summer season.

## Cyclist Injures Woman.

Mrs. J. Callister of the Oxford apartments was painfully bruised when a boy on a bicycle collided with her at Second and Main streets yesterday morning. Her wrist was badly sprained and she was taken home by Patrolman A. S. Thompson. The boy, Albert Welch, 12 years old, who lives on Second West between Fourteenth and Fifteenth South streets, was taken to police headquarters and was turned over later to the juvenile officers.

## Rice Denies Wrong Intent.

R. W. Rice, 22 years of age, was arrested at the Wilson hotel yesterday morning by Detectives Cleveland and Senger on a charge of obtaining money under false pretenses. Rice said to have cashed several checks on a Kansas City bank that were returned marked no funds. He said that he was innocent of wrong intent and insisted that the matter would be settled out as soon as word was had from his relatives in Kansas City.

## WAR DEPARTMENT MAKES MORE ORDERS

WASHINGTON, May 27.—Captain Carl A. Martin, Fourth Infantry, is relieved from further duty at Galveston and will proceed to Fort Crook, Neb., for temporary duty.

Major Michael Lenihan, Seventh Infantry, is relieved from duty with Seventh Infantry and will proceed to Fort Leavenworth for temporary duty.

Captain Joseph Partio, Infantry, will proceed to Walter Reed general hospital, Washington, for treatment.

The following officers are detailed to enter the next class at the army war college and will report about August 1 to the president of the college in this city:

Colonels A. L. Smith, quartermaster corps; E. G. Glenn, Twenty-first Infantry; E. H. Pickett, Eleventh Infantry; C. R. Noyes, Infantry; Lieutenant Colonel George H. Morcan, Eleventh cavalry; F. J. Kuntz, adjutant general; C. W. Kennedy, Sixteenth Infantry; H. H. Styre, Seventeenth Infantry; G. L. Tate, Seventh cavalry; Clement A. P. Bagley, corps of engineers; Major R. P. Buffington, Twenty-first Infantry; George H. Cameron, Fourteenth cavalry; George W. Reid, Ninth cavalry; William S. McNair, Sixth field artillery; Joseph D. Leitch, Twenty-eighth Infantry; H. G. Learned, Fourteenth Infantry, and Truman O. Murphy, Nineteenth Infantry.

The name of Captain Albert B. Sloan, Thirtieth Infantry, is placed on list of detached officers, vice Captain Thomas F. Schley, whose name is removed therefrom.

Major Harry R. Lee, Eleventh Infantry, is detailed as a member general staff corps, vice Major Carl Reichmann, general staff, relieved.

Second Lieutenant Charles A. Walker, Third field artillery, is detailed for duty in ordnance department, and will proceed to Sandy Hook, N. J., for duty.

Captain Bernard Sharp, Third Infantry, has been relieved from active service by the president and will proceed to his home.

Major Clarence C. Williams, ordnance department, will proceed to Sandy Hook, N. J., temporary duty, thence to proper station.

Second Lieutenant Jacob H. Rudolph, Twenty-ninth Infantry, will proceed to Fort Niagara, N. Y., and report to Captain Robert H. Allen, Twenty-ninth Infantry, for duty in connection with try-out for place on Infantry.

Second Lieutenant Henry B. Post, Twenty-fifth Infantry, is detailed for aviation duty with signal corps and will proceed to San Diego for duty.

First Lieutenant Frederick P. Snyder, Eighth cavalry, is detailed for duty in ordnance department, and will proceed to Manila for assignment.

Second Lieutenant John S. Sullivan, Eighteenth Infantry, will proceed to Fort MacKenzie for temporary duty.

Nothing takes the joy out of life like a weak stomach. Would you like to be able to enjoy the good things that others enjoy? Then take Dr. Williams' Pink Pills for a short time and notice the difference in your stomach.

These pills go deeper than a remedy that acts on the stomach alone. They get at the real cause, which is impure blood. They make it red and healthy. Where once the night of food was nauseating, you will have a good appetite and be able to eat without distress.

Dr. Williams' Pink Pills are sold by all druggists at 50c per box or six boxes for \$2.50 or they will be sent by mail, postpaid, upon receipt of price. Our diet book is free.

Dr. Williams Medicine Company, Schenectady, N. Y.

## LIE IS PASSED AT FARR HEARING

(Continued from Page One.)

that there was a big field for a good scale repairer. He did this, Farr explained, so that there would be at least one good repairer working independently of the Fairbanks-Morse company.

Farr said that Carey was a victim of the drink habit, and that he had taken an interest in the unfortunate man, hoping to help him on to his feet again.

Mr. Barker, who co-operates with Dr. Elmer I. Goshen in treating persons afflicted with drug and whisky habits, told of his relations with Carey, and how Farr had aided the man, even advancing him money.

C. Bronnes of the Fairbanks-Morse company, corroborated what Mr. Farr and Mr. Barker said. Bronnes declared that if Mr. Farr was in collusion with Carey, then it was costing Farr money rather than netting him anything.

## Inspect Sannete Quarry.

Governor William Spry and members of the Utah capital commission were yesterday the guests of the Denver & Rio Grande on a trip to Mantle, where they inspected the Sannete quarry, which has been used for the exterior stone work of the new capital building by the state.

## Dr. Downing Arraigned.

Dr. W. S. Downing, who was arrested recently following an investigation made by the state board of medical examiners into the death of Mrs. Eliza Lipser, upon whom Dr. Downing is alleged to have performed an operation, entered a plea of not guilty before Judge N. H. Tanner in the criminal division of the city court yesterday morning. The preliminary hearing was set for June 18.

## Price Company Bankrupt.

Petition in bankruptcy was filed yesterday in the United States district court by W. E. Anderson & Co. of Price, Idaho. The petition gives the company's liabilities as \$7247.52. There were no company assets, but personal assets aggregating about \$2300 are to be divided among the creditors. W. E. Anderson, Miles W. Anderson and Sheldon Anderson are co-defendants.

## LARGE SNAKE EATS THREE HALF-GROWN HOGS AT MAJESTIC PARK.

Probably the greatest event ever happening of the animal feeding will happen at the Majestic park on May 30. In full view of the audience a large twenty-five-foot python snake will be fed. Every three months this snake sheds its skin, which is natural with this breed of reptiles, and when the snake sheds it is its feeding time. The Campbell shows will permit the people that crowd the grounds at the great free of charge. This, with the marriage of the couple advertised in the lions' den will make a double free attraction. Shows are open nightly. (Advertisement.)

Lagoon opens Decoration day. Prettier than ever. Many new features. Half hour service commencing 2:30 p. m. Fare—round trip, adults, 50 cents; children, 25 cents.

## GREECE AND SERIA DISPLEASING POWERS

### Growing Displeasure in Diplomatic Circles Over Attitude of Countries.

LONDON, May 27.—The growing displeasure in diplomatic circles of the great powers at the attitude of Greece and Serbia found expression today in what practically amounts to an ultimatum, which Sir Edward Grey, the British secretary for foreign affairs, delivered to the delegates of the belligerents.

The communication, which was couched in strong phrases without ambiguity, made it clear that enough time had been spent in futile discussions of the peace settlement and that the moment had arrived for signing the draft treaty. Despite assertions to the contrary, the ambassadors from the first were averse to any modification of the draft, not because of the character of the proposed changes so much as because of the delay which would attend fresh discussions.

Furthermore, it was pointed out that the proposed modifications were useless in those cases which had been left in the hands of the powers. Consequently the delegates were informed that if a decision had been reached that peace should be signed forthwith without modification.

It also was intimated that those states which were prepared to sign should do so and that it would serve no purpose for those not prepared to sign to remain longer, thereby intimating that the recalcitrants may be continued in the war.

The Servians and Greeks have notified their home governments of this situation and now are awaiting instructions. The Turks and Bulgars are ready to sign and it is not expected that the Montenegrins will offer objections.

Some of the Balkan delegates express the opinion that the communication of the powers savors more of intervention than of mediation. But the real reason behind the ultimatum lies in the determination of the diplomats to get the draft signed so as to be in a position to take up the big questions remaining for settlement after the preliminaries of peace are signed.

A Constantinople dispatch today says the council of ministers has decided to reject all modifications of the peace draft suggested by the allies.

## TO PROBE STRIKE IN WEST VIRGINIA

WASHINGTON, May 27.—By a viva voce vote the senate adopted today the resolution authorizing a sweeping investigation of conditions preceding and accompanying the strike of coal miners in the Paint Creek region of West Virginia. The resolution first introduced in somewhat different form by Senator Kern has been before the senate for a month.

Under the resolution, if adopted by the senate, through the education and labor committee, will look into charges of peonage in West Virginia, of violation of the immigration laws, of interference with the mails and postoffices, and of violation of the constitution and laws of the United States in the trial of citizens by a military tribunal. It will examine reported combinations among operators in violation of the Sherman anti-trust act and alleged discrimination by immigration authorities at ports of entry and determine whether arms and explosives were imported into Paint Creek for improper use.

The investigation will be the second in the history of the nation, so far as senators have shown in debate, to be made of the acts of a state by a legislative body.

## CASTORIA

## Growing Children Need Good Bowels

### Give a Mild Laxative Occasionally to Insure Regular Bowel Action.

MELVIN BABLER.

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health great attention should be paid to them.

Diet is of great importance, and the mother should watch the effect of certain foods. A food will constipate one and not another, and so we have a healthy food like eggs causing biliousness to thousands, and a wholesome fruit like bananas constipating many. It is also to be considered that the child is growing, and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this stage, and one which every growing boy and girl should be given often or occasionally according to the individual circumstances, is Dr. Caldwell's Syrup Pepsin. This is a laxative and tonic combined, so mild that it is given to little babies, and yet equally effective in the most robust constitution. At the first sign of a tendency to constipation give a small dose of Syrup Pepsin at night on retiring, and prompt action will follow in the morning. It not only acts on the stomach and bowels but its tonic properties build up and strengthen the system generally. Mrs. Henry Babler, Van Dyne, Wis., writes that her little son, Melvin Babler, was constipated most of the time until she gave him Dr. Caldwell's Syrup Pepsin. Since using this remedy he has never been constipated.

The use of Dr. Caldwell's Syrup Pepsin will teach you to avoid cathartics, salts and pills, as they are too harsh for the majority and their effect is only temporary. Syrup Pepsin brings permanent results, and it can be constantly obtained of any nearby druggist at 50 cents and \$1 a bottle. Results are always guaranteed or money will be refunded.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

## Builds Up

This is the work of Ayer's Sarsaparilla. Strength. Power. Reserve. Sold for 60 years.

Ask Your Doctor. J. C. Ayer & Co., Lowell, Mass.

## HUMOR

Is an elusive and difficult quality to secure in short stories, but in the June number of Harper's Magazine three out of the eight notable stories are pervaded by a delightful element of unusual fun. Howard Pyle illustrates his own story.

## Cayenne—"The Dry Guillotine"

More dreaded than the guillotine of French Revolution days is the exile and penal servitude endured by convicts today under the blistering sun and tropic dangers of French Guiana. Charles Wellington Furlong has visited this shunned and little-known quarter of the world, and he gives in text and picture a graphic portrayal of the incredible life of the men condemned to end their days there.

## The Equity in a Job

John L. Mathews has made an interesting study of the National Labor Exchange recently established by the English Government—a vast clearing-house system covering the whole of England, which annually brings together thousands of jobs and thousands of laborers, regardless of the distances that separate them.

## Exploring the Atom.

No recent scientific achievement is more incredible to the average man than experiments with atoms of matter. So infinitely small that they are far beyond the detection of the most powerful microscope, scientists are today analyzing, weighing, and counting atoms as if they were so many baseballs. Dr. Henry Smith Williams describes these astounding experiments, and the wonderful apparatus which has made them possible.

## A Famous Turkish Shrine

The Mosque of Eyoub is a quaint and interesting shrine where unbelievers were for centuries rigidly denied entrance. Sydney Adamson recounts the romantic tradition of its origin, and accompanies his text with a series of beautiful paintings made actually within the forbidden portals.

## The Ways of Some English Words

Professor Thomas R. Lounsbury makes clear the long-established tendency of English words to change from one part of speech to another, and shows how instances of this natural evolution in language have been wrongfully condemned as "Americanisms."

## Mr. Howells in Seville

A charming description of one of the most ancient of Spanish cities, its Roman and Moorish origins, and its multicolored and picturesque life today. With sketches in tint by Norman Irving Black.
